

## Curriculum Vitae

## Professor Dr. med. Ulrich Beuers

**Name:** Ulrich H.W. Beuers  
**Place of Birth:** Hagen, Westfalen, Germany  
**Office address:** Department of Gastroenterology & Hepatology  
Tytgat Institute for Liver and Intestinal Research  
University of Amsterdam  
The Netherlands

## Career

2011 - Head, Hepatology, Academic Medical Center, University of Amsterdam  
2010 - 2017 Program Director Gastroenterology & Hepatology, Academic Medical Center, University of Amsterdam  
2010 - Core Professor, Gastroenterol.& Hepatology, AMC, University of Amsterdam  
2007 - Professor, Gastroenterology & Hepatology, Academic Medical Center, University of Amsterdam; Gastroenterologist & Hepatologist and Internist  
2003 - 2006 Senior Consultant, Department of Medicine II – Grosshadern, Ludwig Maximilians University (LMU) München  
2001 - 2008 Professor, Internal Medicine, Ludwig Maximilians University (LMU) München  
1996 Board exam for Gastroenterology & Hepatology  
1995 - 2002 Consultant, Department of Medicine II – Grosshadern, Ludwig Maximilians University (LMU) München

- 1995 Board exam for Internal Medicine
- 1994 Habilitation for Internal Medicine.  
Title of the thesis: "On clinical effectiveness, metabolism and mechanisms of action of ursodeoxycholic acid in chronic cholestatic liver diseases".
- 1993 - 1996 Fellow at the Department of Medicine II - Grosshadern of the Ludwig Maximilians University (LMU) München (Prof. Dr. G. Paumgartner)
- 1991 - 1993 Fellow at the Liver Center, Yale University School of Medicine, New Haven, CT, U.S.A. (Prof. Dr. J. L. Boyer)
- 1986 - 1991 Residency at the Department of Medicine II - Grosshadern of the Ludwig Maximilians University (LMU) München (Prof. Dr. G. Paumgartner)
- 1984 - 1986 Postdoctoral fellow, Department of Biochemistry, University of Göttingen (Prof. Dr. K. Jungermann)
- 1983 Dissertation, (Pharmakological Department, University of Freiburg, Prof. Dr. G. Hertting; „summa cum laude")  
Title of the thesis: "The effect of the renin angiotensin system on release of  $\beta$ -lipotropin and  $\beta$ -endorphin immunoreactivity in the conscious rat".
- 1983 Public medical exam and licence as physician
- 1980 - 1983 Studies of Medicine at the University of Freiburg / Germany
- 1979 - 1980 Studies of Medicine at the Free University of Berlin / Germany
- 1976 - 1979 Studies of Medicine at the University of Ghent / Belgium
- 1975 - 1976 Military service (medical corps), Hamm
- 1966 - 1975 Albrecht-Dürer-Gymnasium, Hagen

### Administrative Activities

- 2017 - 2021 Secretary, International PSC Study Group (with C. Ponsioen)
- 2017 Member Committee EASL Clinical Practice Guidelines "Primary biliary cholangitis"
- 2013 - 2017 Chairman, Dutch Education Committee Gastroenterology & Hepatology
- 2012 - 2018 Chairman, Netherlands Association for the Study of the Liver (NASL/NVH)
- 2008 - 2009 Chairman, EASL Clinical Practice Guidelines "Management of cholestatic liver disease"

## Major Research Lines

2009-2017 (ongoing): Pathogenesis of IgG4-related disease of biliary tree and pancreas

2007-2017 (ongoing): The biliary bicarbonate umbrella

2003-2017 (ongoing): Pathogenesis and treatment of pruritus in cholestasis

1990-2008: Mechanisms of action of ursodeoxycholic acid in cholestatic liver disease

## Awards and Honours

- 2017      **Lucie-Bolte-Preis** (lifetime achievements on the field of end stage liver disease)
- 2010      Honorary Member, Czechian Society of Hepatology
- 2005      Honorary Member, Slovakian Society of Internal Medicine (Hepatology)
- 1994      **GASL-Award**, German Association for the Study of the Liver, for the paper "Tauroursodeoxycholic acid translocates  $\alpha$ -protein kinase C in isolated rat hepatocytes" (Gastroenterology 1996;110:1553-1563)
- 1994      **Adolf-Kußmaul-Award**, Southwest-German Society of Gastroenterology, for the paper "Tauroursodeoxycholic acid stimulates hepatocellular exocytosis and mobilizes extracellular  $Ca^{++}$ , mechanisms defective in cholestasis" (J Clin Invest 1993;92:2984-2993)
- 1984      **Fritz-Külz-Award**, German Pharmacological Society, for the dissertation "Die Wirkung des Renin-Angiotensin-Systems auf die Freisetzung von  $\beta$ -Lipotropin und  $\beta$ -Endorphin-Immunreaktivität in der wachen Ratte" (Brit J Pharmacol 1982;76:579-585)
